INDEPENDENT AUDITORS' REPORT

To the Board of Directors of
Northwest Iowa Planning and Development Commission
Spencer, IA 51301

We have audited the accompanying financial statements of the governmental activities and the major fund of Northwest Iowa Planning and Development Commission, as of and for the year ended June 30, 2006, which collectively comprise the Commission's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Commission management. Our responsibility is to express opinions on these financial statements based on our audit.

Except as discussed in the following paragraph, we conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

Because of the inadequacy of accounting records for the years prior to June 30, 2006, we were unable to form an opinion regarding the amounts at which capital assets and accumulated depreciation are recorded in the accompanying balance sheet at June 30, 2006 (stated at \$539,701 and \$373,733, respectively) or the amount of depreciation expense for the year then ended (stated at \$53,670).

In our opinion, except for the effects of such adjustments, if any, as might have been determined to be necessary had prior-year records concerning capital assets and related accumulated depreciation been adequate, the financial statements referred to in the first paragraph present fairly, in all material respects, the respective financial position of the governmental activities and the major fund of Northwest Iowa Planning and Development Commission at June 30, 2006, and the respective changes in financial position thereof for the year then ended in conformity with U.S. generally accepted accounting principles.

In accordance with *Government Auditing Standards*, we have also issued our report dated July 26, 2007 on our consideration of Northwest Iowa Planning and Development Commission's internal control over financial reporting and our tests of its compliance with certain provision of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The Commission has not presented management's discussion and analysis which introduces the basic financial statements by presenting certain financial information as well as management's analytical insight on that information that the Government Accounting Standards Board has determined is necessary to supplement, although not required to be a part of the basic financial statements.

Our audit was performed for the purpose of forming opinions on the financial statements that collectively comprise Northwest Iowa Planning and Development Commission's basic financial statements. The supplementary information included in Schedule 1, Schedule of Expenditures of Federal Awards required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, is presented for the purpose of additional analysis and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

NORTHWEST IOWA PLANNING AND DEVELOPMENT COMMISSION
NOTES TO FINANCIAL STATEMENTS

1. NATURE OF ORGANIZATION

The Northwest Iowa Planning and Development Commission (Commission) is the regional planning and intergovernmental coordination agency in the Northwest Iowa region organized in 1973 under Chapter 473A and Chapter 28E of the Iowa Code. The Commission is the regional planning and coordination agency for Buena Vista, Clay, Dickinson, Emmet, Lyon, O'Brien, Osceola, Palo Alto, and Sioux counties of Iowa.

2. SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity

For financial reporting purposes, the Commission has included all funds, organizations, account groups, agencies, boards, commissions, and authorities. The Commission has also considered all potential component units for which it is financially accountable, and other organizations for which the nature and significance of their relationship with the Commission are such that exclusion would cause the Commission's general purpose financial statements to be misleading or incomplete. The Governmental Accounting Standards Board has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body, and (1) the ability of the Commission to impose its will on that organization or (2) the potential for the organization to provide specific benefits to, or impose specific financial burdens on the Commission. The Commission has no component units which meet the Governmental Accounting Standards Board criteria.

Basis of Presentation

Government-wide Financial Statements - The Statement of Net Assets and the Statement of Activities report information on all the nonfiduciary activities of the Commission. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities are supported by intergovernmental revenues and are reported separately from business type activities, which rely to a significant extent on fees and charges for service.

The Statement of Net Assets presents the Commission's nonfiduciary assets and liabilities, with the difference reported as net assets. Net assets are reported in three categories:

Invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation and reduced by outstanding balances for bonds, notes, and other debt attributable to the acquisition, construction, or improvement of those assets, if applicable.

Restricted net assets result when constraints placed on net assets use are either externally imposed or imposed by law through constitutional provisions or enabling legislation.

Unrestricted net assets consist of net assets that do not meet the definition of the preceding categories. Unrestricted net assets often have constraints on resources imposed by management, which can be removed or modified.

NORTHWEST IOWA PLANNING AND DEVELOPMENT COMMISSION
NOTES TO FINANCIAL STATEMENTS - Continued

2. SIGNIFICANT ACCOUNTING POLICIES - Continued

Basis of Presentation - Continued

The Statement of Activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those clearly identifiable with a specific function. Program revenues include (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and (2) grants, contributions restricted to meeting the operational, or capital requirements of a particular function. Other items not properly included among program receipts are reported instead as general revenues.

The Commission reports the following major governmental fund:

The General Fund is the general operating fund of the Commission. All general revenues and other revenues not allocated by law or contractual agreement to some other fund are accounted for in this fund. From the fund are paid the general operating expenditures, the fixed charges, and the capital improvement costs.

Measurement Focus and Basis of Accounting

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been satisfied.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available.

Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Commission considers revenues to be available if they are collected within 60 days after year end.

Intergovernmental revenues (shared revenues, grants, and reimbursements from other governments) and interest are considered to be susceptible to accrual. All other revenue items are considered to be measurable and available only when cash is received by the Commission.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, compensated absences are recorded as expenditures only when payment is due. Capital asset acquisitions are reported as expenditures in governmental funds.

Under terms of grant agreements, the Commission funds certain programs by a combination of specific cost-reimbursement grants and general revenues. Thus, when program expenses are incurred, there are both restricted and unrestricted net assets available to finance the program. It is the Commission's policy to first apply cost-reimbursement grant resources to such programs, followed by general revenues.

NORTHWEST IOWA PLANNING AND DEVELOPMENT COMMISSION
NOTES TO FINANCIAL STATEMENTS - Continued

2. SIGNIFICANT ACCOUNTING POLICIES - Continued

Assets, Liabilities, and Fund Equity

The following accounting policies are followed in preparing the financial statements:

Cash - Cash balances are pooled and invested.

Accounts Receivable - The Agency utilizes the allowance method for accounting for uncollectible accounts. At June 30, 2006, the allowance for doubtful accounts totaled \$41,648. No finance charges are added to unpaid balances.

Capital Assets - Capital assets, which include property, equipment, and vehicles, are reported in the government-wide Statement of Net Assets. Capital assets are recorded at historical cost or estimated historical cost if purchased or constructed. The costs of normal maintenance and repair that do not add to the value of the asset or materially extend lives are not capitalized. However, accounting records for years prior to June 30, 2006 are not adequate to document whether balances are maintained in accordance with generally accepted accounting principles.

Compensated Absences - Commission employees accumulate a limited amount of earned but unused vacation and sick leave hours for subsequent use or for payment under applicable circumstances.

Unused accumulated vacation hours are payable to employees upon termination, retirement, or death. A liability is recorded in the government-wide financial statements when incurred. The liability for accumulated unused hours at June 30, 2006 totaled \$28,754.

Unused sick leave hours are only paid upon retirement. Therefore, a liability is recorded in the government-wide financial statements only when it relates to subsequent retirement payments made. Accumulated unused sick leave at June 30, 2006 totaled \$78,866. Unused sick leave of \$14,102 is accrued at June 30, 2006 as it relates to subsequent retirement payments made. Additional unused accumulated sick leave of \$64,764 has not been recorded since the amount which may be required to be paid upon an employee's subsequent retirement cannot be determined.

The compensated absences liability has been computed based on rates of pay in effect at June 30, 2006.

Fund Equity - In the governmental fund financial statements, reservations of fund balance are reported for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose.

Budgets and Budgetary Accounting

The budgetary comparison and related disclosures are not reported as Required Supplementary Information. As there is no legal requirement to adopt a budget, GASB 34 does not require this disclosure.

NORTHWEST IOWA PLANNING AND DEVELOPMENT COMMISSION
NOTES TO FINANCIAL STATEMENTS - Continued

3. CASH

The Commission's deposits at June 30, 2006 were entirely covered by federal depository insurance or by the State Sinking Fund in accordance with Chapter 12C of the Code of Iowa. This chapter provides for additional assessments against the depositories to insure there will be no loss of public funds.

The Commission is authorized by statute to invest public funds in obligations of the United States government, its agencies and instrumentalities; certificates of deposit or other evidences of deposit at federally insured depository institutions approved by the Board of Directors; prime eligible bankers' acceptances; certain high rated commercial paper; perfected repurchase agreements; certain registered open-end management investment companies; and certain joint investment trusts and warrants or improvement certificates of a drainage district.

There were no investments at June 30, 2006.

4. CAPITAL ASSETS

Capital Assets

Accounting records for years prior to June 30, 2006 are not adequate to document whether balances are maintained in accordance with generally accepted accounting principles. A summary of changes in property and equipment comprising capital assets for the year ended June 30, 2006 is as follows:

	Balance Beginning of Year	Additions	Balance End of Year
Capital assets:			
Furniture and fixtures	\$533,713	\$ 5,988	\$539,701
Accumulated depreciation	\$320,063	\$ 53,670	<u>373,733</u>
Capital assets - net			<u>\$165,968</u>

5. RESTRICTED NET ASSETS - NOTES RECEIVABLE

The Commission administers a revolving loan fund, known as the EDA-RLF, that makes loans to businesses. Loans are subject to guidelines provided by the federal granting agency and must stimulate the local economy and encourage job creation. The initial funds were provided through a grant from the U.S. Department of Commerce, Economic Development Administration, supplemented by a local match from various regional sources. The fund has a portfolio of loans totaling \$308,867 and a cash balance of \$186,532 at June 30, 2006. The total loans and cash balance maintained by this fund are restricted to make additional loans in the future.

Interest received on loans advanced under the EDA Revolving Loan Fund program can be up to five percentage points under the current prime rate, but in no case less than a base of four percent.

NORTHWEST IOWA PLANNING AND DEVELOPMENT COMMISSION
NOTES TO FINANCIAL STATEMENTS - Continued

6. OPERATING LEASE

The Commission leases office space from Clay County. The lease contract calls for monthly payments of \$2,673. The contract expires June 30, 2008. The Commission also leased an office in Sheldon, Iowa from Iowa Workforce Development. The lease contract called for monthly payments of \$215 and expired in July 2006. Total lease payments for the year ended June 30, 2006 were \$37,335.

The following is a schedule of future minimum rental payments required under operating leases which have initial or remaining non-cancelable lease terms in excess of one year as of June 30, 2006:

<u>Year Ending June 30,</u>	<u>Amount</u>
2007	\$ 32,291
2008	<u>32,076</u>
Total	<u>\$ 64,367</u>

7. PENSION AND RETIREMENT BENEFITS

The Commission contributes to the Iowa Public Employees Retirement System (IPERS) which is a cost-sharing multiple-employer defined benefit pension plan administered by the state of Iowa. IPERS provides retirement and death benefits, which are established by state statute to plan members and beneficiaries. IPERS issues a publicly available financial report that includes financial statements and required supplementary information. The report may be obtained by writing to IPERS, PO Box 9117, Des Moines, Iowa 50306-9117.

Plan members are required to contribute 3.70% of their annual covered salary and the Commission is required to contribute 5.75% of annual covered payroll. Contribution requirements are established by state statute. The Commission's contribution to IPERS for the years ended June 30, 2006, 2005, and 2004 were \$32,385, \$34,641, and \$40,130, respectively, equal to the required contributions for each year.

8. RISK MANAGEMENT

The Commission is exposed to various risks of loss related to torts, theft, damage to and destruction of assets, errors and omissions, injuries to employees, and natural disasters. These risks are covered by the purchase of commercial insurance. The Commission assumes liability for any deductibles and claims in excess of coverage limitations. Settled claims from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

9. ECONOMY DEPENDENCY

The Commission received approximately 63% of its funds for the year ended June 30, 2006 from federal and state grants.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Directors of the
Northwest Iowa Planning and Development Commission
Spencer, IA 51301

We have audited the financial statements of the Commission as of and for the year ended June 30, 2006 and have issued our report thereon dated July 26, 2007. We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Commission's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide an opinion on the internal control over financial reporting. However, we noted certain matters involving the internal control over financial reporting and its operation that we consider to be reportable conditions. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control over financial reporting that, in our judgment, could adversely affect the Commission's ability to record, process, summarize, and report financial data consistent with the assertions of management in the financial statements. Reportable conditions are described in Part II of the accompanying Schedule of Findings and Questioned Costs.

A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses. However, of the reportable conditions described above, we believe items II-A-06, II-D-06, and II-E-06 are material weaknesses.

Compliance

As part of obtaining reasonable assurance about whether the Commission's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

Comments involving statutory and other legal matters about the Commission's operations for the year ended June 30, 2006 are based exclusively on knowledge obtained from procedures performed during our audit of the financial statements of the Commission. Since our audit was based on tests and samples, not all transactions that might have had an impact on the comments were necessarily audited. The comments involving statutory and other legal matters are not intended to constitute legal interpretations of those statutes.

This report, a public record by law, is intended solely for the information and use of the officials, employees, and constituents of the Commission and other parties to whom the Commission may report. This report is not intended to be and should not be used by anyone other than these specified parties.

We would like to acknowledge the many courtesies and assistance extended to us by personnel of the Commission during the course of our audit. Should you have any questions concerning any of the above matters, we shall be pleased to discuss them with you at your convenience.

A handwritten signature in black ink that reads "Winther, Steve H. ZLT". The signature is written in a cursive, flowing style.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE
WITH REQUIREMENTS APPLICABLE TO EACH MAJOR PROGRAM AND ON
INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE
WITH OMB CIRCULAR A-133

To the Board of Directors of the
Northwest Iowa Planning and Development Commission

Compliance

We have audited the compliance of the Commission with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 *Compliance Supplement* that are applicable to its major federal programs for the year ended June 30, 2006. The Commission's major federal programs are identified in Part I of the accompanying Schedule of Findings and Questioned Costs. Compliance with the requirements of laws, regulations, contracts, and grant agreements applicable to its major federal programs is the responsibility of the Commission's management. Our responsibility is to express an opinion on the Commission's compliance based on our audit.

We conducted our audit of compliance in accordance with U.S. generally accepted auditing standards, the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether non-compliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Commission's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the Commission's compliance with those requirements.

In our opinion, the Commission complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2006.

Internal Control Over Compliance

The Commission's management is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts, and grant agreements applicable to federal programs. In planning and performing our audit, we considered the Commission's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

We noted certain matters involving the internal control over compliance and its operation that we consider to be reportable conditions. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of internal control over compliance that, in our judgment, could adversely affect the Commission's ability to administer a major federal program in accordance with applicable requirements of laws, regulations, contracts, and grant agreements. A reportable condition is described in Part III of the accompanying Schedule of Findings and Questioned Costs.

A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that non-compliance with applicable requirements of laws, regulations, contracts, and grant agreements caused by error or fraud that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses. However, we believe the reportable condition described above, item III-A-06, is a material weakness.

This report, a public record by law, is intended solely for the information and use of the officials, employees, and constituents of the Commission and other parties to whom the Commission may report, including federal awarding agencies and pass-through entities. This report is not intended to be and should not be used by anyone other than these specified parties.

A handwritten signature in black ink, appearing to read "William Steinhilber". The signature is fluid and cursive, with a large initial "W" and a stylized "S".

NORTHWEST IOWA PLANNING AND DEVELOPMENT COMMISSION
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
FOR THE YEAR ENDED JUNE 30, 2006

Part I: Summary of the Independent Auditors' Results

- (a) A qualified opinion was issued on the financial statements.
- (b) Reportable conditions in internal control over financial reporting were disclosed by the audit of the financial statements, including material weaknesses.
- (c) The audit did not disclose any noncompliance which is material to the financial statements.
- (d) A reportable condition in internal control over major programs was disclosed by the audit of the financial statements, including a material weakness.
- (e) An unqualified opinion was issued on compliance with requirements applicable to the major programs.
- (f) The audit disclosed no audit findings which were required to be reported in accordance with Office of Management and Budget Circular A-133, Section .510(a).
- (g) The major programs were CFDA number 11.307 Economic Adjustment Assistance and CFDA number 17.260 WIA Dislocated Workers.
- (h) The dollar threshold used to distinguish between Type A and Type B programs was \$300,000.
- (i) The Commission did not qualify as a low-risk auditee.

Part II: Findings Related to the Financial Statements

Instances of Non-Compliance:

No findings were noted.

NORTHWEST IOWA PLANNING AND DEVELOPMENT COMMISSION
SCHEDULE OF FINDINGS AND QUESTIONED COSTS - Continued
FOR THE YEAR ENDED JUNE 30, 2006

Part II: Findings Related to the Financial Statements - Continued

Reportable Conditions

- II-A-06 Segregation of Duties - One important aspect of the internal control structure is the segregation of duties among employees to prevent an individual employee from handling duties which are incompatible. Responsibility for the custody, record-keeping, and reconciling functions of revenues and expenses should be assigned to different employees. We noted one individual performs incompatible duties due to the Commission's limited staff size.

Recommendation - We realize that with a limited number of office employees, segregation of duties is difficult. However, the Commission should review its control procedures to obtain the maximum internal control possible under the circumstances.

Response - We will investigate available alternatives to segregate duties where possible and will establish review procedures where complete segregation is not feasible.

Conclusion - Response accepted.

- II-B-06 Disaster Recovery Plan - We noted that the Commission does not have a written disaster recovery plan. A disaster recovery plan covers the data, hardware, and software that is critical for a business to restart operations in the event of a natural or human-caused disaster. It should also include plans for coping with the unexpected or sudden loss of key personnel.

Recommendation - We recommend the Commission develop written policies addressing the above items in order to improve the control over computer based systems.

Response - The Commission will develop a written disaster recovery plan.

Conclusion - Response accepted.

- II-C-06 Investment Policy - We noted that the Commission does not have a written investment policy as required by Iowa Code Section 12B.10B. An investment policy would establish guidelines for investment objectives and would give management clearly defined procedures in regard to the Commission's monies.

Recommendation - We recommend the Commission establish a written investment policy in accordance with the Iowa Code.

Response - We will establish a written investment policy.

Conclusion - Response accepted.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS - Continued
FOR THE YEAR ENDED JUNE 30, 2006

Part II: Findings Related to the Financial Statements - Continued

Reportable Conditions - Continued

- II-D-06 Capital Assets - We noted that the Commission does not have a detailed schedule for the historical costs of capital assets. It also appears that items sold and obsolete items have not been removed from the capital asset balances.

Recommendation - The Commission should prepare a schedule detailing all capital assets purchased and should establish procedures for removing obsolete items from the schedule and from the accounting system.

Response - We will prepare a schedule for capital assets that will incorporate the above recommendations.

Conclusion - Response accepted.

- II-E-06 Approval of Expenditures - Expenditures are approved by the Executive Director and two signatures are required on all checks. However, we noted that expenditures are not approved by the Board prior to payment.

Recommendation - We suggest the Commission consider establishing a policy to require the Board to approve expenditures before they are paid.

Response - We will consider establishing a policy.

Conclusion - Response accepted.

- II-F-06 RLF Loan Balances - We noted several loans that were delinquent in making payments. Because of the inherent higher risk for these types of loans, the payments made should be monitored closely and procedures should be in place to deal with loans in default. We also noted that the semi-annual report for March 31, 2006 did not show any amounts as delinquent, even though at least one loan was delinquent more than 60 days. The semi-annual report also listed the cumulative contract amount of administrative costs instead of the most recent 12-month period as requested on the form.

Recommendation - We recommend the Commission implement procedures to more closely monitor the payment status of loans receivable and correctly reflect the items mentioned above on future semi-annual reports.

Response - We will monitor the payment status of loans receivable more closely and correctly reflect the semi-annual report items noted.

Conclusion - Response accepted.

NORTHWEST IOWA PLANNING AND DEVELOPMENT COMMISSION
SCHEDULE OF FINDINGS AND QUESTIONED COSTS - Continued
FOR THE YEAR ENDED JUNE 30, 2006

Part II: Findings Related to the Financial Statements - Continued

Reportable Conditions - Continued

- II-G-06 Accrual of Compensated Absences - We noted unused vacation and sick pay were not accrued on the Commission's general ledger trial balance at June 30, 2006. When material to the financial statements, applicable amounts should be accrued and recorded on the financial statements.

Recommendation - We suggest the Commission record the applicable amounts of unused vacation pay and sick pay.

Response - We will record unused vacation and sick pay as recommended.

Conclusion - Response accepted.

- II-H-06 Accounts Receivable Adjustments - During our auditing procedures, we noted that several amounts for grant writing revenue were not properly included in the June 30, 2006 accounts receivable balances. We also noted that dues for the 2007/2008 year were improperly included in the accounts receivable balance at June 30, 2006. However, the net effect of these items on accounts receivable at June 30, 2006 was not material.

Recommendation - The Commission should establish procedures to ensure that all invoices for services provided are submitted to the Finance Officer on a timely basis. The Commission should also review the items in the accounts receivable balance at the end of the fiscal year to ensure that revenues are recognized in the proper period.

Response - We will establish the recommended procedures related to recording accounts receivable in the proper accounting period.

Conclusion - Response accepted.

NORTHWEST IOWA PLANNING AND DEVELOPMENT COMMISSION
SCHEDULE OF FINDINGS AND QUESTIONED COSTS - Continued
FOR THE YEAR ENDED JUNE 30, 2006

Part III: Findings and Questioned Costs for Federal Awards

Instances of noncompliance:

No matters were reported.

Reportable Conditions:

CFDA Number 11.307: Economic Adjustment Assistance

CFDA Number 17.260: WIA Dislocated Workers

- III-A-06 Segregation of Duties Over Federal Revenues - The Commission did not properly segregate custody, record-keeping, and reconciling functions for revenues, including those related to its federal programs. See item II-A-06.

NORTHWEST IOWA PLANNING AND DEVELOPMENT COMMISSION
SCHEDULE OF FINDINGS AND QUESTIONED COSTS - Continued
FOR THE YEAR ENDED JUNE 30, 2006

Part IV: Other Findings Related to Required Statutory Reporting

- IV-A-06 Questionable Expenditures - No expenditures that we believe may not meet the requirements of public purpose as defined in an Attorney General's opinion dated April 25, 1979 were noted.
- IV-B-06 Travel Expense - No expenditures of Commission money for travel expenses of spouses of Commission officials or employees were noted.
- IV-C-06 Business Transactions - No business transactions between the Commission and Commission officials or employees were noted.
- IV-D-06 Bond Coverage - Surety bond coverage of Commission officials and employees is in accordance with statutory provisions. The amount of coverage should be reviewed annually to insure that the coverage is adequate for current operations.
- IV-E-06 Board Minutes - No transactions requiring Board approval were noted which had not been approved.
- IV-F-06 Deposits and investments - No instances of non-compliance with the deposit and investment provisions of Chapter 12B and 12C of the Code of Iowa were noted, except that the Commission has not adopted a written investment policy.
